Dear Mr. Greaud:

The Division of Water Resources (division) acknowledges receipt of a certified Notice of Termination on November 4, 2014. This form was submitted according to Section 8.1.1 of the General NPDES Permit for Discharges of Storm Water Associated with Construction Activities (TNR100000), which requires the operator to submit written certification that a site, or portion of a site, has been finally stabilized and all storm water discharges associated from the construction activities that were authorized are eliminated.

We appreciate your attention to the general construction storm water permit and its requirements. We believe this does make a difference to the quality of state waters. If you have any questions, please contact Mr. Cliff Caudle at (901) 371-3028 or by e-mail at [Cliff.Caudle@tn.gov](mailto:Cliff.Caudle@tn.gov).

Sincerely,

A handwritten signature in blue ink, appearing to read "Cliff Caudle".
